

CAREER OBJECTIVE

A passionate AIML engineering student with strong interest in full-stack development and cloud technologies. Seeking an entry-level software engineering role to enhance skills, gain industry exposure, and contribute to scalable real-world applications.

EDUCATION

- Vivekananda College of Engineering and Technology** Puttur, Dakshina Kannada
B.E. in Artificial Intelligence and Machine Learning (CGPA: 9.09) 2021 – 2025

WORK EXPERIENCE

- Associate Software Engineer** Yaticorp India Pvt Ltd
Application Development Dec 2025 – Present
Working on client-facing and internal applications involving frontend development using React, HTML, and CSS, backend REST API development with Node.js and MongoDB, deployment support using Railway, fixing production issues, improving application performance, and collaborating with cross-functional teams.
- Technical Coordinator** Yaticorp India Pvt Ltd
Project Coordination Aug 2025 – Present
Coordinating technical activities across company projects by assigning and tracking tasks using Zoho Projects, acting as a bridge between development, marketing, and operations teams, monitoring timelines and deliverables, and supporting issue resolution.
- Marketing Automation Engineer** Yaticorp India Pvt Ltd
Digital Marketing & Automation May 2025 – Present
Managing social media platforms including Instagram, Facebook, LinkedIn, and YouTube, creating and optimizing content campaigns, executing SEO strategies using Google Search Console and SEMrush, planning and optimizing paid ad campaigns, and generating performance reports using Google Analytics and Meta Business Suite.

TECHNICAL SKILLS

- Programming Languages:** Python, JavaScript, TypeScript, C
- Frontend Development:** HTML, CSS, React, Tailwind CSS, Bootstrap
- Backend & APIs:** Node.js, Express.js, REST APIs
- Databases:** MongoDB, MySQL
- Cloud & Deployment:** Vercel, Render, Railway, Cloudflare R2
- Tools & Platforms:** Git, GitHub, Zoho Projects, Zoho CRM, Zoho Social, Figma, WordPress
- SEO & Analytics:** Google Analytics (GA4), Google Search Console, SEMrush, Meta Business Suite

PROJECTS

- AcademyPro – Advanced Learning Management System** 2025
Designed and developed a full-stack LMS with student and admin portals, authentication, role-based access control (RBAC), REST APIs, MongoDB integration, and cloud deployment using Vercel, Render, and Cloudflare R2.
- FloraAI – Medicinal Plant Identification System** Nov 2024 – Apr 2025
Developed an AI-based system for real-time medicinal plant identification using deep learning models, NLP-based responses with Retrieval-Augmented Generation (RAG), and scalable backend deployment on Render.

CERTIFICATIONS

- AWS Solutions Architect – Online Course (MicroDegree, January 2026)

COURSES & TRAINING

- Cloud & DevOps + AI Certification Program – MicroDegree (Ongoing)
